

# PITCH LINK BEARING CUTTERS

PART NO: PLBC-KIT-AH64

## DESCRIPTION

The Pitch Link Bearing Cutters allow you to cut the Main Rotor PC link bearing and the Tail Rotor PC link bearing on an AH-64 helicopter. The kit includes a back-up cutter to enable continued function in the field even when you send your cutter back for free sharpening that is included in your purchase. The cutters are M42 steel to further enhance the service life of this kit.

## INCLUDES

- One 1.562" Cutter/.750" Pin/Drill Holder
- One 1.562" Cutter/.500" Pin/Drill holder
- One 1.562" Cutter Replacement
- Small Pelican Case with instructions
