

UH-60 BLADE TIE DOWN ROPE

PART NO: TDR-UH60

DESCRIPTION

Made from UV resistant nylon, these tie down ropes can withstand the world's harshest environments while firmly securing the Main Rotor Blades of your UH-60 Blackhawk. Utilizing a fast-slip prusik hitch and carabiner, you can now deploy and stow your tie downs in less time than before. Nothing will secure your main rotor blades better, or is tougher in the field.

FEATURES

- Durable nylon construction
- UV resistant for years of service in the field
- Fast-slip prusik hitch and carabiner
