

# AIRCRAFT WASH COVER KIT

PART NO: AWCK-7

## DESCRIPTION

The Armick Aircraft Wash Cover Kit includes 7 covers that protect sensitive components when performing an aircraft wash on the AH-64D Apache airframe. Each cover is bright yellow and features an RBF ribbon for easy identification. The reusable covers will help prevent FOD as they are custom fit to each component. The 7 covers are Generator 1 and 2, RTRU 1 and 2, HPSM, DCU, and Tailboom Vibe Processor.

## FEATURES

- Resuable
- Highly visible when installed
- Reduces risk of FOD
- Protects from water intrusion
